

ABOUT US

Objectives

Provide affordable, professional-quality business and advancement services to churches and other Christian non-profit organizations in order to allow their apostolic leaders to be released to fulfill their missions.

Develop opportunities for both marketplace and apostolic leaders to work together to develop a Kingdom movement through joint conferences, leadership coaching, and launching new projects and initiatives to further the Christian faith.

Policy Plan

K2 Hawaii will only accept clients who are in the process of applying for, or are currently licensed as non-profit Christian organizations in the U.S. Clients are chosen based on the vision of the organization's leader, and the role that K2 Hawaii can play in helping that leader achieve their vision.

Remuneration Policy

The Board of Directors of K2 Hawaii, which includes its founder and Chairman, serve without any remuneration. The Executive Director, who also serves as the company's Secretary and Treasurer, is the only compensated officer. The process for determining the compensation of the Executive Director meets the requirements set forth by the Internal Revenue Service for all tax exempt organizations who are required to submit a 990 tax form each year.

Federal Employer Identification Number (FEIN): 46-0821095
