

Annual Report 2021

Client Review

- Currently serving 10 local churches, three Christian Camps in California and Illinois, and the National District Offices of a large Christian denomination with accounting and business management services.
- Provided leadership and life coaching to churches, Christian-owned businesses, and individuals, online and in person with a focus on remaining spiritually and emotionally healthy through the pandemic.

Other Highlights

- Two new programs and services were launched in 2021:
 - Digital media consulting for client churches to help them improve both skills and equipment in this area. The importance of the use of digital media to capture online audiences during the pandemic has now become a desired “option” for church members, requiring that churches build their teams up to meet this need, even after returning to in-person services.
 - Ho’ohui City Impact with Christ program was developed to focus on addressing systemic issues in our communities by first, helping our client churches develop strategies to make the biggest impact in the immediate communities they serve.
